Other Business

- Ryan brought forward that Nathan proposed deferring King and Queen of the River. Bruce suggested we could make it into the May outing for club members only, specifically targeting King, with the potential to have prizes or extra points.
- Ryan brought forward that Nathan will organise a presentation on netting by Kim Martin for club members. There is potential for this to be an open meeting, as it may attract other community members, and help raise the Club's profile.
- Bruce will draft a letter to state MP's and local Council reps to show the Club's support of netting legislation, and to say that we will participate in commentary where needed, and also suggest recreational and charter fishing facilities should be considered for the Fitzroy River Southern Bank revitalization project. The letter will be sent via the club secretary.
- Ryan tabled that the Corio Bay Classic is fast approaching (weekend 27 and 28 June) and we need to start planning for the event. Ryan will talk to Pillie regarding sponsorship of prizes. Ryan will talk to Nathan about promotion to a max. of 50 participants and next steps required to organise the event.
- Emily tabled that the we also need to start planning for the Presentation night in July. A date was selected being Saturday, 18 July to work in with school holidays and outings. Anthony will contact Krackers to see if they are available as a venue for the Presentation night.
- A date was selected for the AGM being Tuesday, 28 July, and the first outing of 2015/2016 being 1 and 2 August. Members should consider if they would like to nominate for any club/committee roles at the AGM.
- Kev raised some ANSA matters, firstly, there is about to be an executive change out for the committee, and as such it's a good opportunity for any Club members who are interested in being on the ANSA committee to think about nominating, and secondly; the committee had approached Kev to see if the Club would be interested in hosting a CQ-based event for all ANSA clubs, which would also include an ANSA general meeting. It was discussed that potentially the Club and Cap Tag (two biggest ANSA clubs) may like to co-host the event.

Bruce suggested getting some fishing product reps along. Another idea was to host a Barra weekend perhaps a couple of weekends after the Barra Bounty. This was considered a good way of raising revenue for the club, and members are asked to consider and table their feedback at the next meeting.

- Kev mentioned that BSFC were interested in attending the Stanage trip. Accommodation could be an issue. Kev will run the idea past Nathan before responding.
